**note:**

1. In case, 02 (two) or more candidates secured the same total (aggregate) marks, their seniority in the final merit/selection list has been decided upon by the marks obtained by the candidates in the Final Competitive Examination. The one who secured higher marks in the Final Competitive Examination ranks higher in the Merit List. If the marks secured in the Final Competitive Examination are also the same then seniority has been determined by the marks obtained by the candidates in Part - I (Physics and Mathematics) of Final Competitive Examination. The one who secures higher marks in Part - I (Physics and Mathematics) of Final Competitive Examination has taken precedence in the merit list. If the marks secured in Part - I (Physics and Mathematics) of Final Competitive Examination also turns out to be equal, then seniority has been determined by their age. The candidate older in age has rank above the others in the Merit List.

2. The list has been prepared on merit basis, that is, if a candidate scores higher or equal to the cut off score of UR candidates he/she has been recommended under UR category irrespective of his/her social category provided that he/she has not availed age relaxation or in terms of Cut Score benefit being a candidate of a particular social category.

**Male**
